

Information sheet about the measures in connection with the corona virus for parents of children in the Kirndertagesförderung In Mecklenburg- Vorpommern As of 19.08.2020

Dear parents

everyday life is returning to the day-care centers and in the Kindergarten' Nevertheless, we must continue to be careful that the corona virus pandemic is not over. For this reason, the following information has been compiled by the Ministry of Social Affairs, Integration and Equal Opportunities. These should show how you as parents and guardians can help that the day care for children in Mecklenburg-Vorpommern also works well in these particular zones. We ask you to continue to take this information into account

1. What obligations do we have to cooperate as parents and legal guardians?

Submission of a one-time written declaration with the following information:

- no symptoms of the child that can be reconciled with Corona
- the child has not traveled to a risk area in the last 14 days
- the child has not come into contact with a person infected with SARS-COV-2 in the last 14 days

Compulsory daily notification in the event of health impairments of the child or close contact with a person infected with SARS-CoV-2 or after quarantine.

→ During the drop-off and pick-up situation, the parents must wear a mouth and nose covering

→ Observance of the generally applicable behavior / AHA formula:

- Distance: Keep at least 1.5 meters away from other fellow men
- Hygiene: Proper coughing and sneezing (do not sneeze or cough into your hand, but into the crook of your arm or into a paper tissue, keeping as much distance as possible to other people) as well as regular washing of the hands
- Everyday mask: wear a mouth and nose cover

→ it is requested not to travel to designated high risk areas highlighted from the Robert Koch Institute's. ([https // www.rki de / DE / Content / infAZ / N / Neuartiges Coronavirus/Risikogebiete neu.html](https://www.rki.de/DE/Content/infAZ/N/Neuartiges_Coronavirus/Risikogebiete_neu.html))

2. What do I do if my child has acute respiratory symptoms?

→ Children who show mild general, unspecific symptoms can be looked after and supported in the day-care center or day-care center. So you don't have to leave your child at home every time they have a mild cold.

→ If you want to find out what to do, especially when there are signs of a cold, you can refer to the recommendations for action for day-care centers and schools for children with acute respiratory symptoms (ARE) (https://www.regierung-mv.de/static/Regierungsportal/Ministerium%20f%C3%BCr%20Soziales%2c%20Integration%20und%20Gleichstellung/Dateien/File%20f%C3%9Fschema_Kita.pdf) The pandemic also requires you to be particularly careful in the interests of your child and in the interests of everyone else in the daycare facility. Please do not take your child to the facility if they have a serious impairment of their general condition or have severe symptoms. In such cases, children are to be excluded from child day care. Until they are picked up by the parents, when they come into contact with these children, a mouth and nose

cover must be worn by the skilled workers or day care workers.

4. can children who tested positive for the corona virus in the day care?

children who tested positive for Corona covid 19 cannot be supported. the same applies to children who are quarantined at home by the health department

Can parent meetings parent evenings and parents meetings take place?

yes. parents evenings and parents meetings are possible. the general regulation of the coronarelated

distance rules as well as the applicable regulations according to the state government for restrictions on public life in Mecklenburg-Vorpommern (corona-lockerungs-lvO MV

<https://www.regierung-mv.de/Landesregierung/wm/Aktuelles-->

is notable to wear a mouth-nose-cover or mask. parents chats or meeting can be done by telephone if possible.

→ The electoral elections between August 15 and September 15, 2020 can also be done by complying with the general distance rule and the applicable regulations after the Corona - Loosening LVO MV. A mouth and nose cover must be worn. It is recommended that only one parent takes part.

5. Can my child be acclimatized at the moment? →

Yes. Acclimatization is generally possible,

6. How do I support my child in quarantine at home?

The local authority decides on the order and extent of the quarantine *

→ If a family member is infected with SARS-COV 2, the entire household of the family is usually quarantined.

→ If a family member is only the contact person of a person infected with SARS-COV-2, the quarantine is usually restricted to this person by the local health department the orders of the health department are to be followed. If a child is affected, their care must be ensured by a parent or other legal guardian. Explain the current situation to your child in age-appropriate terms and explain why certain measures need to be carried out at the moment. → Make it possible for your child to move around in the quarantine at home and offer them the opportunity to be mentally active, e.g. by painting, solving puzzles or other tasks. You can find more ideas at [https //www.regierung- mv.de/Landesregierung/sm/Service/Corona/Tipps](https://www.regierung-mv.de/Landesregierung/sm/Service/Corona/Tipps)

7. Where can I find further information?

- Further information can be found in the "Notes on the protection of employees and children in day care for children in MV in connection with the Corona Virus from August 1, 2020" and the FAQs on the website of the Ministry of Social Affairs, inisteriums für Soziales, <https://www.regierungmv.de/Landesregierung/sm/Service/Corona/Kindertagesf%C3%B6rderung/>
